**For Immediate Release**

### **BMI CANADA INC. turns 40 !**

**Boisbriand, November 22<sup>nd</sup>, 2012** – BMI CANADA INC. is proud to celebrate 40 years in business.

On October 20<sup>th</sup>, 1972, Marc Bouthillette founded BMI Canada Inc.

#### **Today, BMI consists of:**

- 40 employees in Canada
- 3 distribution centers strategically located throughout Canada, plus 1 in the United-States
- Over 80,000 sq. ft. in warehouse space
- More than 8,000 products in stock
- 6,500 pallets of goods received per year
- 40,000 orders shipped per year

#### **The Key to our Success:**

##### **Quality Products, at Competitive Prices**

BMI imports products from North and South America, Europe, and various countries in Asia. Since 1980, BMI has developed long-term relationships with reliable overseas manufacturers. This ensures that BMI customers get high quality products that meet and conform to North-American standards, at the best possible price. An in-house quality control process must validate each shipment received.

##### **Outstanding Customer Service**

Throughout the years, BMI has managed to innovate and integrate new technologies. Today, orders and prices are confirmed by email and we can receive orders directly from EDI or any personalized electronic format.

Standard lead-time from BMI Distribution Centers is 48 hours, with an order fill rate of 98%.

At BMI, the focus has always been to meet the needs of its customers, and be attentive to the latest developments within the industry. As such, its business continues to evolve!

“As we celebrate our 40th anniversary, we want to take the opportunity to thank all the key-individuals who have played a role in our success; our customers, our suppliers and our employees” says Marc Bouthillette, President of BMI CANADA INC.
