Subject: Copper Fittings Price Increase Effective February 1, 2017

Dear Valued Customer,

In continuing our review of copper fitting prices, we are announcing that, effective February 1st 2017, and in addition to the already announced Wrot copper fitting price changes, the following categories are also being increased:

Wrot and Cast DWV Copper Fittings (Cat 22), increase of 9%

Lead Free Cast Copper Fittings and Flanges (Cat 25), increase of 9%

Regular Cast Copper Flanges (Cat 21), increase of 9%

Our remaining inventory of Regular Cast Copper Fittings (Cat 21) is being liquidated and, as such, no price increase.

Please click on the links below to retrieve your price sheets.
