Subject: BMI General Price Increase Notification - Effective November 17, 2025

Dear Customer,

As of March 13, 2025, Canada has announced an order imposing a surtax on steel and aluminum from the United States. The only products coming from the U.S. that are subject to this surtax are stainless steel crimp rings.

Our inventory levels allowed us to delay this increase, but recent shipments leave us with no choice but to raise prices for these products by 25%, effective Monday, November 17, 2025.

The new price list is available on our website at the link below.

[BMI PEX Fittings - Lead Free PEXLS-25-2](#)

Please note that no other product on this list has had a price increase. Only items 39124, 39125, and 39126 have new prices.

Please also note that BMI will accept orders at current prices until Friday, November 14, 2025, provided the items are in stock and your purchases do not significantly exceed your usual buying patterns.

We thank you for your understanding during this difficult period we are all facing.

Best regards,

Garth Anderson
Vice President of Sales
BMI Canada Inc.
